

# THE QUALIVIS ADVANTAGE

## WHAT IS QUALIVIS?

A national, vendor neutral, provider of healthcare workforce solutions, specializing in supplemental staffing, committed to quality, service and leadership in transforming the workplace culture to improve patient care.

## WHY QUALIVIS?

Qualivis is a free member service through **VHHA Shared Services**. We can help you design a smart, cost-effective workforce strategy to fill gaps, build a pipeline of permanent recruits, increase staff retention and enhance workplace quality of life.

We are state hospital association owned and operated and we were created for hospitals, by hospitals. Our unique revenue-sharing model provides funds back to your VHHA Shared Services to reinvest in healthcare in your state. We are not a staffing agency and we work only to serve state hospital associations and their members.
