Virginia Healthcare Emergency Management Program

The Virginia Healthcare Emergency Management Program was created in 2002 through a partnership between the Virginia Hospital & Healthcare Association and the Virginia Department of Health. The program aims to enable the Commonwealth’s health care delivery system to prepare, respond to, and recover from natural and man-made disasters.

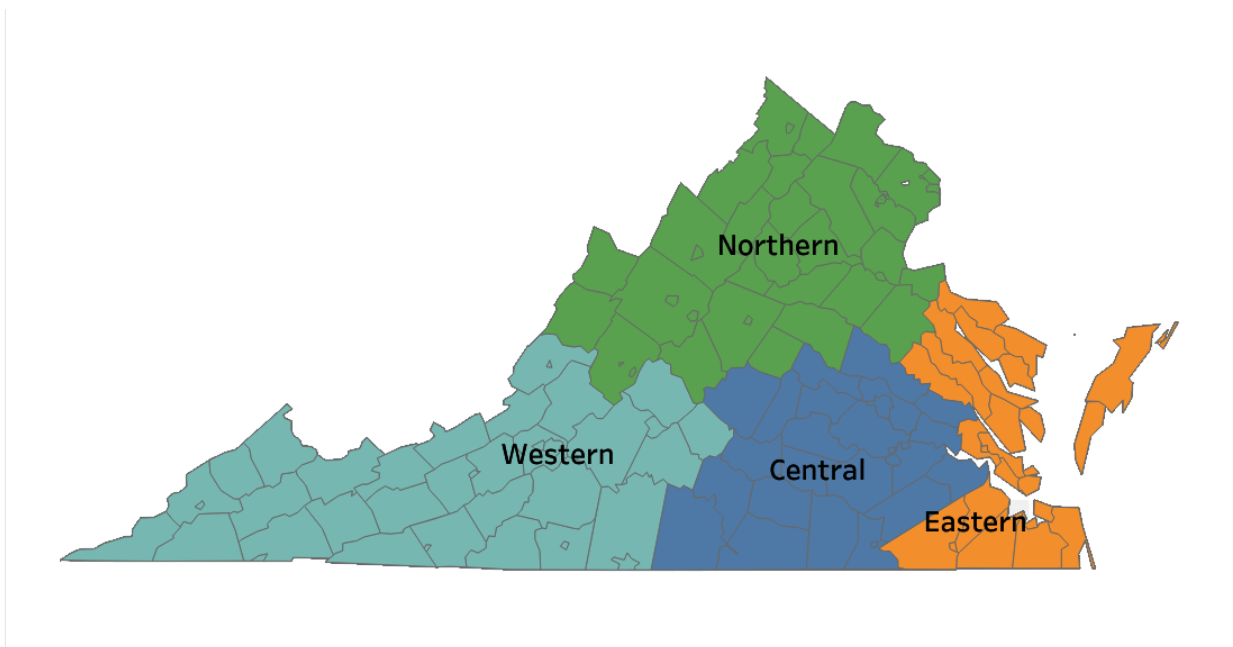

Funded through the Administration for Strategic Preparedness and Response’s (ASPR) Hospital Preparedness Program, the program consists of six regional healthcare coalitions designed to foster collaborative planning efforts between healthcare facilities, first responders, and community partners at the local and regional level. These collaborative efforts aim to identify and address gaps in the healthcare system’s ability to effectively respond to a disaster.

Each healthcare coalition operates a Regional Healthcare Coordination Center (RHCC), a 24/7 operations center designed to be the coordination and communication hub for health care and community partners during a disaster.

Additional information about the program can be found at www.vhass.org or by contacting staff below.

the #1 identity protection benefit

Protecting what matters most for millions of employees and a third of the Fortune 500.

1 in 4 Americans have experienced cybercrime.¹ With so many evolving cyber threats — from ransomware to account takeover — there are many ways your employees' sensitive personal data could be compromised. And when identity theft hits, navigating the recovery process alone can be stressful and take years to resolve.

26% of identity theft victims reported problems with their co-workers or boss²

27% of victims lost interest in their job²

38% of victims missed work to resolve identity theft²

Help your employees protect themselves against fraud and identity theft with Allstate Identity Protection.

NEW for 2023

15 years ago, we built the first identity protection solution designed exclusively for the benefits space — and we've been innovating ever since. New core features include:

Expanded cyber protection with **personal computer security** features, plus password management, a robocall blocker, and an ad blocker

An advanced suite of **family digital safety** tools to help participants protect their children's online lives

New **elder fraud protection** designed to help seniors, their families, and caretakers to understand and protect against fraud and get specialized support

Fraud resolution tracker, to help users quickly communicate with our Identity Specialists and speed up resolution

You and your employees deserve the best service and uncompromising support.

No-noise benefit

A dedicated account manager works with your benefits broker to deliver a "quiet," ROI-driven offering that your employees will love — plus you'll get marketing resources for open enrollment.

Easy onboarding

190+ platform connections and seasoned implementation teams make onboarding simple. It's why we have a 98% implementation satisfaction score and our clients often say we're the easiest benefit provider to work with.

Best-in-class remediation

A 98% post-remediation satisfaction rate proves our U.S.-based Remediation Specialists are the best around.

Virginia Behavioral Health
SUMMIT

Thursday | June 22, 2023
The Westin Richmond

Together: A Vision for Improved Behavioral Healthcare Access

The Virginia Behavioral Health Summit is a one-day event designed to expand knowledge about mental health and substance use treatment and access across a diverse group of behavioral health stakeholders. It will feature collaborative behavioral health models, innovative patient-centered strategies, and updates on system-wide changes that move care beyond the traditional silos embedded in our current care delivery system.

Join us for a Summit that is dedicated to and celebrates people who are passionate about ensuring that every Virginian has access to the behavioral health care they need and deserve!

Featuring Keynote Speaker: Beth Macy

Beth Macy is a Virginia-based journalist with three decades of experience and an award-winning author of three New York Times bestselling books: *Factory Man*, *Truevine* and *Dopesick: Dealers, Doctors, and the Drug Company That Addicted America*. Her first book, *Factory Man*, won a J. Anthony Lukas Prize and *Dopesick* was short-listed for the Carnegie Medal, won the L.A. Times Book Prize for Science and Technology, and was described as a "masterwork of narrative nonfiction" by The New York Times. *Dopesick* has now been made into a Peabody award-winning and Emmy-winning Hulu series on which she acted as an executive producer and cowriter. Her fourth book, *Raising Lazarus: Hope, Justice, and the Future of America's Overdose Crisis*, was published on August 16, 2022.
